FasTrack Terminal Section

Congratulations!

Congratulations on your purchase of the Lionel FasTrack Terminal Section! If you're just starting with the Lionel FasTrack track system, use this section to supply power to the track directly from your transformer. If you are building a massive railroad empire or adding on to your layout, install extra FasTrack Terminal Sections on your layout where you notice a reduction in power or your train slowing down.

The following Lionel marks may be used throughout this instruction manual and are protected under law. All rights reserved.

Lionel®, *TrainMaster®*, *Odyssey®*, *RailSounds™*, *CrewTalk™*, *TowerCom™*, *DynaChuff™*, *StationSounds™*, *Pullmor®*, *ElectroCoupler™*, *Magne-Traction®*, *CAB-1 Remote Controller®*, *PowerMaster®*, *Lionel ZW®*, *ZW®*, *PowerHouse®*, *TMCC™*, *Lionelville™*

The name FasTrack® is used with permission from Pitsco, Inc.

Joining the track sections

FasTrack track sections join together easily. With interlocking roadbed sections and large rail tabs, the track fits together securely so you always get good electrical contact. Take a look at Figure 1 to show you how to join the track sections.

1. **Line up your two sections of track.**
2. **Insert the rail tabs into the openings at the ends of the corresponding rails.**
3. **Press the sections together until the interlocking roadbed snaps into place.**
Refer to Figure 1.

Figure 1. Joining the track sections

4. **Feed the wires through the notch in the roadbed. Refer to Figure 2.**

Figure 2. Positioning the wires

5. **You may choose to secure the track to your layout by driving screws (not included) into the holes in the roadbed.**

Connecting the FasTrack Terminal Section to your power supply

Attach the FasTrack Terminal Section wires to your transformer to supply power to the track. Connect the red wire to the Power/A terminal on your transformer. Connect the black wire to the Common/Ground/U terminal on your transformer.

Note! To make multiple power connections to the transformer terminals, we recommend that you use power terminal strips, available at your local electronics store.

There are two basic ways to connect the wires to the transformer. On transformers with thumbscrew connections, simply loosen the thumbscrews, slide the spade-shaped connectors into position, and then tighten the thumbscrew to secure the connection. Refer to Figure 3.

Figure 3. Thumbscrew connections

On transformers that do not have thumbscrew connections or where the spade-shaped connectors will not fit, you may need to cut off the spade-shaped connector and strip back the insulation about 1/4". Refer to your power transformer's instructions.

Caution! Only an adult should perform this task! Always use care when cutting and stripping wire.

Limited Warranty/Lionel Service

This Lionel product, including all mechanical and electrical components, moving parts, motors and structural components, except for light bulbs, is warranted to the original consumer-purchaser, for **one year** against original defects in materials or workmanship when purchased through an authorized Lionel merchant.

This warranty does NOT cover normal wear and tear, light bulbs, defects appearing in the course of commercial use, or damage resulting from abuse or misuse of the product by the purchaser. Transfer of this product by the original consumer-purchaser to another person voids this warranty. Modification of this product voids this warranty.

Any warranted product which is defective in original materials or workmanship and is delivered by the original consumer-purchaser to Lionel L.L.C. or an authorized Lionel L.L.C. Service Center, together with proof of original purchase will, at the option of Lionel L.L.C., be repaired or replaced, without charge for parts or labor. In the event the defective product cannot be repaired, and a replacement is not available, a refund of the original purchase price will be granted. Any products on which warranty service is sought must be sent freight or postage prepaid, as transportation and shipping charges are not covered by the warranty.

In no event shall Lionel L.L.C. be liable for incidental or consequential damages.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion may not apply to you.

This limited warranty gives you specific legal rights, and you may have other rights which vary from state to state.

Instructions for Obtaining Service

If service for this Lionel L.L.C. product is required, bring the item, along with your dated sales receipt and completed warranty information to the nearest Authorized Lionel Service Center.

Your nearest Lionel Service Center can be found by calling 1-800-4-Lionel, or by accessing our Website at www.lionel.com.

If you prefer to send your product back to Lionel L.L.C. for repair in Michigan, you must first call 586-949-4100 or FAX 586-949-5429, or write to Customer Service, P.O. Box 748, New Baltimore, MI 48047-0748, stating what the item is, when it was purchased and what seems to be the problem. You will be sent a return authorization letter and label to ensure your merchandise will be properly handled upon receipt.

Once you have received your return authorization and label, make sure that the item is packed to prevent damage during shipping and handling. We suggest that you use the product's original packaging. This shipment must be prepaid and we recommend that it be insured.

Please make sure you have followed all of the above instructions carefully before returning any merchandise for service. You may choose to have your product repaired by one of our Authorized Lionel Service Centers after its warranty has expired. A reasonable service fee will be charged.

Warranty Information

Please complete the information below and keep it, along with your dated sales receipt. You must present this and your dated sales receipt when requesting warranty service.
