Congratulations!

Congratulations on your purchase of the Lionel Mainline Auto Crossing Gates. Place the gates at any grade crossing on your Lionel railroad, and passing trains will automatically lower the gates and activate the flashing red lights.

Note! For use with Tubular Track we suggest a 153C Contact Plate (690153C001, available through Customer Service). For FasTrack users we recommend using a 6-12029 Accessory Activator Pack (available separately).

Installing the 153C Contactor (available separately)

The 153C Contactor is activated by the weight of a passing train. Place the Contactor under the track, as shown in Figure 1.

One of the track ties should rest firmly upon the top of the pressure plate. If your layout is fastened to a board, loosen several sections on either side of the Contactor so that the track is able to bend under the weight of the train.

Figure 1. 153C Contactor
Your Auto Crossing Gates operate best at 12-18 volts (AC). Have an adult strip 1/4” of insulation from both ends of the wires, if they have not already been stripped.

**Caution!** Only an adult should perform this task. Always use care when stripping wires.

Connect the wires to the #153C Contactor and transformer as shown in Figure 2 below. We recommend that you connect both Crossing Gates to the same 153C Contactor.

To connect a wire to the Contactor’s spring clips, press down on the upper half of the spring clip terminal until the lower part projects through the slot. Insert the bare wire end into the loop, then release the upper part of the clip. Spring tension will hold the wire tight.

4
Adjusting the 153C Contactor (available separately)

After all the connections are made and your layout is powered up, the Contactor must be adjusted so that the train will properly trigger the accessory.

1. Stop the train several sections away from the Contactor so that it does not press on the Contactor plate.
2. Turn the adjustment nut either up or down until the accessory’s lights begin to flash. Refer to Figure 1 on page 3 for the location of the adjustment nut.
3. Back up the adjustment nut just enough to cause the flashing to cease.

Operating the Auto Crossing Gates

When properly adjusted, the 153C Contactor will respond to light finger pressure on the track. The lights will flash and the gates will lower as long as any part of the train is passing over the Contactor plate.
Connecting your Auto Crossing Gates using FasTrack

To wire your Auto Crossing Gates using FasTrack, you will need two 5 inch insulated rail FasTrack pieces and at least one 10 inch insulated rail FastTrack piece. These can be purchased in the FasTrack Activator Pack (6-12029, available separately). Refer to Figure 3 for wiring your gates to the insulated track pieces.

Servicing your Auto Crossing Gates

Two LEDs illuminate each Auto Crossing Gate. The LEDs are expected to last for the life of this accessory. Should service ever become necessary, please contact Lionel Customer Service in North Carolina at 586-949-4100 extension 2, Monday-Friday 8am to 5pm EDT.
Lionel Limited Warranty Policy & Service

This Lionel product, including all mechanical and electrical components, moving parts, motors and structural components, with the exception of LIGHT BULBS, LED’s & TRACTION TIRES are warranted to the original owner-purchaser for a period of one year from the original date of purchase against original defects in materials or workmanship when purchased through a Lionel Authorized Retailer*.

This warranty does NOT cover the following:

• Normal wear and tear
• Light bulbs or LED’s
• Defects appearing in the course of commercial use
• Damage resulting from abuse/misuse of the product

Transfer of this product by the original owner-purchaser to another person voids this warranty in its entirety. Modification of this product in any way, visually, mechanically or electronically, voids the warranty in its entirety.

Any warranted product which is defective in original materials or workmanship and is delivered by the original owner-purchaser (this warranty is non-transferrable) to Lionel LLC or any Lionel Authorized Service Station MUST be accompanied by the original receipt for purchase (or copy) from an Authorized Lionel Retailer*, will at the discretion of Lionel LLC, be repaired or replaced, without charge for parts or labor. In the event the defective product cannot be repaired, and a suitable replacement is not available, Lionel will offer to replace the product with a comparable model (determined by Lionel LLC), if available. In the event a comparable model is not available the customer will be refunded the original purchase price (requires proof of purchase from the Authorized Lionel Retailer* it was originally purchased). Any products on which warranty service is sought must be sent freight or postage prepaid (Lionel will refuse any package when postage is due).

Transportation and shipping charges are not covered as part of this warranty.

NOTE: Products that require service that do not have a receipt from an LIONEL AUTHORIZED RETAILER* will be required to pay for all parts required to repair the product (labors will not incur a charge) providing the product is not older than 3 years from date of manufacture and is within 1 year from date of purchase. A copy of the original sales receipt is required.

In no event shall Lionel LLC be held liable for incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from state to state.

Instructions for Obtaining Service

If service for this Lionel LLC product is required; bring the item, along with your DATED sales receipt and completed warranty information (at the bottom of this page) to the nearest Lionel Authorized Service Station. Your nearest Lionel Service Station can be found by calling 1-800-4-LIONEL or by accessing the website at www.lionel.com.

If you prefer to send your Lionel product directly to Lionel, for repair you must FIRST call 586-949-4100 extension 2 or write to Lionel Customer Service, 6000 Victory Lane, Concord, NC 28027. Please have the 6-digit Lionel product number, the date of original purchase, the dealer where the item was purchased and what seems to be the problem. You will receive a return authorization (RA) number to ensure your merchandise will be properly tracked and handled upon receipt at Lionel LLC.

Once you have your Return Authorization (RA) number, make sure the item is packed in its original Styrofoam inner container which is placed inside the original outer display box (this will help prevent damage during shipping and handling). This shipment MUST be prepaid and we recommend that it be insured with the carrier of your choice.

Please make sure you have followed all of the above instructions carefully before returning any merchandise for service. You may choose to have your product repaired by one of Lionel LLC’s Authorized Service Stations after its warranty has expired. A reasonable service fee should be expected once the product warranty has expired.

Warranty Information

Please complete the information below and keep it, along with your DATED ORIGINAL SALES RECEIPT. You MUST present this form AND your DATED SALES RECEIPT when requesting warranty service.

*A complete listing of Lionel Authorized retailers can be found by calling 1-800-4-LIONEL or by visiting our website at www.lionel.com.

Products that are more than 3 years old, from date of manufacture, are not applicable for warranty coverage, even if they have never been sold prior to this date. (Under no circumstance shall any components or labor be provided free of charge.)
